

John Wayne Rules

"Courage is being scared to death but saddling up anyway," John Wayne once said, and he should know. Wayne successfully battled

lung cancer in 1964, only to succumb to cancer of the stomach 15 years later.

To honor his memory, his family originated the John Wayne Cancer Foundation. Old

Guys Rule, a Southern California apparel line, and the John Wayne Cancer Foundation have partnered up to offer a line of T-shirts that bear the Duke's image, and will help fight cancer with their sales. Each of the four designs bears a different image of Wayne, along with a famous quote. The shirts retail for \$20, and are available at www.oldguys-rule.com or by calling (805) 954-1195. For more information on the foundation, visit www.teamduke.org.
